For those users who did not occupy their present locations during the months of January, February, March, October, November and December of the previous year, the Public Utilities Commission reserves the right to select a representative month or period of time to make a reasonable estimate for calculation of the sewage rate.

Those users who have no connections to the New Ulm Public Utilities water supply system and those users having a lessor amount, a minimum service charge of \$10.00 per month shall be charged regardless of whether occupied.

All rates are net. A penalty of 5% will be added if not paid on or before the due date of the bill.
